

The Eternal Purpose of God by Lance Lambert
Book Review by Sue Moll

I was recommended this book and I found it very interesting and helpful. Lance Lambert explains how Jesus is the connection between the first three chapters of Genesis and the last three chapters of Revelation in a way that I could understand. He talks about Christ being the 'overcomer in us' and us sitting in Heaven with Jesus. He explains how listening to God is so crucial and spend a long time explaining Revelation 12 verse 11.
